HOUSE WRAP STANDARD GREEN GUARD

Value Wrap

Price-to-performance value.

Protects against air and water infiltration.

Designed not to tear, making it tough and reliable.

Value Wrap provides GreenGuard performance at great savings. It acts as a barrier against air and water infiltration. Plus it breathes to allow moisture vapor to escape, reducing the potential for condensation buildup. Value Wrap's translucent design makes it quick and easy to install. And its strong, cross-woven structure resists tearing, so there's less job site waste. Stays UV-stable up to 12 months

HOUSE WRAP

OPTIONAL TYVEK

How It Works:

DuPont™ Tyvek® HomeWrap® helps protect a home against damaging wind and rain that can penetrate through the exterior cladding.

The unique nonwoven structure of DuPont™ Tyvek® HomeWrap® blocks excess water from entering into walls.

The breathable structure of this house wrap allows moisture vapor to pass through to help promote drying in wall systems which can aid in preventing the growth of mold and mildew.

The unique non-woven fiber structure of DuPont™ Tyvek® HomeWrap® stops air movement through the walls helping to provide a more energy efficient home.

TAMKO SHINGLES

HERITAGE 30 YR ARCH.

PBS STANDARD SHINGLES

HERITAGE 30® LAMINATED ASPHALT SHINGLES

PRODUCT DATA

PRODUCT SPECIFICATIONS:

Nominal Size: 12" x 37"

Exposure: 5"

Shingles per Square: 78

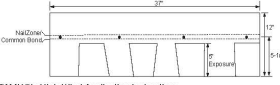

Bundles per Square: 3

Coverage per Square: 99.9 sq. ft.

Manufactured in Frederick, MD

HERITAGE 30® shingles feature a double-layer fiberglass mat construction with a random-cut sawtooth design. The two layers of mat are coated with asphalt and then laminated together and surfaced with ceramic granules. A self-sealing strip of asphalt helps provide wind resistance.

USES	For application to roof decks with inclines of not less than 2 inches per foot. For slopes between 2 inches and 4 inches per foot, refer to application instructions.								
ADVANTAGES	<ul style="list-style-type: none"> • 30-year limited warranty, 5-year FULL START, limited transferability, winds up to 80 MPH** • Shadowtone feature adds depth and dimensional appearance. • 10-year Algae Relief-Algae Cleaning limited warranty that provides for cleaning of discoloration caused by certain algae growth that may occur in areas with high humidity. • Rustic beauty of wood shakes.

Features of SnapStone Floating Porcelain Tile Flooring System

High Quality Porcelain Tile

- Easy to maintain
- Scratch, Stain and Moisture resistant
- Allergen-resistant
- Incredible durability
- Adds value to your home
- Many beautiful designs to choose from

The SnapSys Interloc® Tray

- Allows tile to quickly and easily "snap" together
- Self-aligning system ensures consistent grout lines
- Eliminates need for spacers and grids
- Tiles can be disassembled and reused
- Minimizes sound transmission, making it perfect for apartments or condominiums

Rubberized Base

- Absorbs minor imperfections in the sub-floor eliminating the need for underlayment
- Allows tiles to "float" directly over vinyl, wood, concrete or ceramic without adhesive or mortar
- Skid-resistant

SnapStone and the Environment—It's Green!

Sustainability

SnapStone tile can be disassembled and re-used, making it one of the only reusable tiles available today! Reusable means sustainable!

Less Waste:

- Fewer natural resources consumed compared to traditional tile: 2-3 core products vs. 5 – 8 core products
- No discarding of existing floor and dumping into landfills, SnapStone installs over it

Healthier Air:

- No dust generated from mixing adhesives, grout and thin sets
- No dust generated removing old floors
- Tile is easy to clean and inherently hygienic vs. carpets/rugs

Life Cycle:

Life cycle maintenance costs for SnapStone are significantly lower than traditionally installed tile because it is not adhered to the floor and is easy to remove

WARRANTY AND GUIDELINES

Warranty Information:

Professional Building Systems, Inc. warrants its product for one (1) year (from the date of delivery) from concealed structural damages or defects. Professional Building Systems, Inc. also enrolls every house in a ten (10) year limited structural warranty program with RWC Residential Warranty Corporation. There will be an information packet forwarded to the builder. The builder must forward the package to the Homeowner. The information contained in this packet instructs the homeowner on what is an allowable claim. The information packet will also contain a list of industry-accepted tolerances on items throughout the home and how to submit a claim to the Residential Warranty Corporation.

****All appliances and fixtures supplied by Professional Building Systems, Inc. are covered by their own individual manufacturer's warranties.****

Reminder to Builders:

Professional Building Systems, Inc. manufactures its homes to meet rigid specifications, including the IBC, IRC, and the standard state building codes applicable. Although we design our products to meet most local building codes, due to circumstances beyond our control we cannot guarantee that we meet all local code requirements. For specifics, the builder should refer to his local building inspector.

****It is the builder's responsibility to inform Professional Building Systems, Inc., in writing, of any special requirements or codes required in his local area.****

MISSION STATEMENT

At Professional Building Systems, Inc. our mission is to produce a high quality product with a team of professionals that leads the housing industry in technology, innovation, and creativity. We strive to provide our experienced builders with quality custom modular homes and service, and to have a positive relationship with our employees, vendors, investors, and community.

Since our inception, we have been operating under these core values:

- To succeed by providing exceptional customer service
- To value and empower our employees
- To hire experienced professionals who provide industry leadership
- To deliver a quality product in a professional manner
- To partner with professional building contractors and suppliers
