

# HOUSE WRAP

---

## STANDARD GREEN GUARD

## Value Wrap

Price-to-performance value.

Protects against air and water infiltration.

Designed not to tear, making it tough and reliable.

Value Wrap provides GreenGuard performance at great savings. It acts as a barrier against air and water infiltration. Plus it breathes to allow moisture vapor to escape, reducing the potential for condensation buildup. Value Wrap's translucent design makes it quick and easy to install. And its strong, cross-woven structure resists tearing, so there's less job site waste. Stays UV-stable up to 12 months

# HOUSE WRAP

## OPTIONAL TYVEK

### How It Works:

DuPont™ Tyvek® HomeWrap® helps protect a home against damaging wind and rain that can penetrate through the exterior cladding.

The unique nonwoven structure of DuPont™ Tyvek® HomeWrap® blocks excess water from entering into walls.

The breathable structure of this house wrap allows moisture vapor to pass through to help promote drying in wall systems which can aid in preventing the growth of mold and mildew.

The unique non-woven fiber structure of DuPont™ Tyvek® HomeWrap® stops air movement through the walls helping to provide a more energy efficient home.
